CIRCULAR

Sir,

Sub : SCERT - Archival Collection of text books – old text books - regarding

Ref : DO Lr. No Admn II/1891/2010/SCERT dated 14.12.2010 of the Director
SCERT - Trivandrum

The Director SCERT, Thiruvananthapuram, in the letter cited has informed that SCERT is in the Process of building up an archival collection of text books and has started collecting old text books. It is true that a large number of out dated text book are being useless, in almost all schools in the State. The available stock altogether can not be taken delivery of , as it may cause duplication. So, a list of available books in schools should be prepared and made available to SCERT out of which the required pieces will be collected.

As such, you are directed to see that heads of all schools are instructed to assess the stock and to issue a list of books in their possession at the earliest.

For Director of Public Instruction
